- Considering the difficulty of the exams, I think most of you show great performance and understanding of the subjects, although they may not directly be reflected on your gross scores. (Don't worry about it. I know you did well!)
- If you have any question about grading, please let me know as soon as possible. You can easily reach me by e-mail <yyasuda@grips.ac.jp>.
- Finally, I would like to say BIG “thanks” to all of you. I wish what you have studied in my class would be useful and make your life more exciting!
