Comments

- Considering the difficulty of the problem sets and the final exam, I think most of you show great performance and understanding of the subjects, although they may not directly be reflected on your gross scores.
- If you have any question about grading, please let me know as soon as possible. You can easily reach me by e-mail <yyasuda@grips.ac.jp>.
- Those who receive B⁻ will be assigned some additional work. I will inform them independently and directly by e-mail.
